UNIVERSIDAD SAN IGNACIO DE LOYOLA

PERU: LIMA AND CUSCO | USA: MIAMI | PARAGUAY: ASUNCION

More than 50 years dedicated to higher education on a global level

OUR PILLARS

The Universidad San Ignacio de Loyola possesses four main institutional pillars upon which its philosophical approach is based; a lifestyle that at all levels of education and in all its projects seeks to foster the development of entrepreneurs capable of achieving personal progress in a global level, in a socially responsible manner, contributing through a range of activities to the national development of a modern Peru able to participate with confidence and dynamism in the global economy.

OUR TEACHING RELIES ON 4 BASIC PILLARS:

Entrepreneurship

We nurture an entrepreneurial culture, built on a solid ethical and moral basis, which promotes innovation, leadership, competitiveness and the creation of values, and enables students to identify and make the most of business opportunities.

Sustainability

We are committed to contributing to social development and to improving the quality of life of people, by raising awareness and sensitivity among our students about their responsibilities as citizens, with the aim to overcome inequality, fight extreme poverty and promote social inclusion.

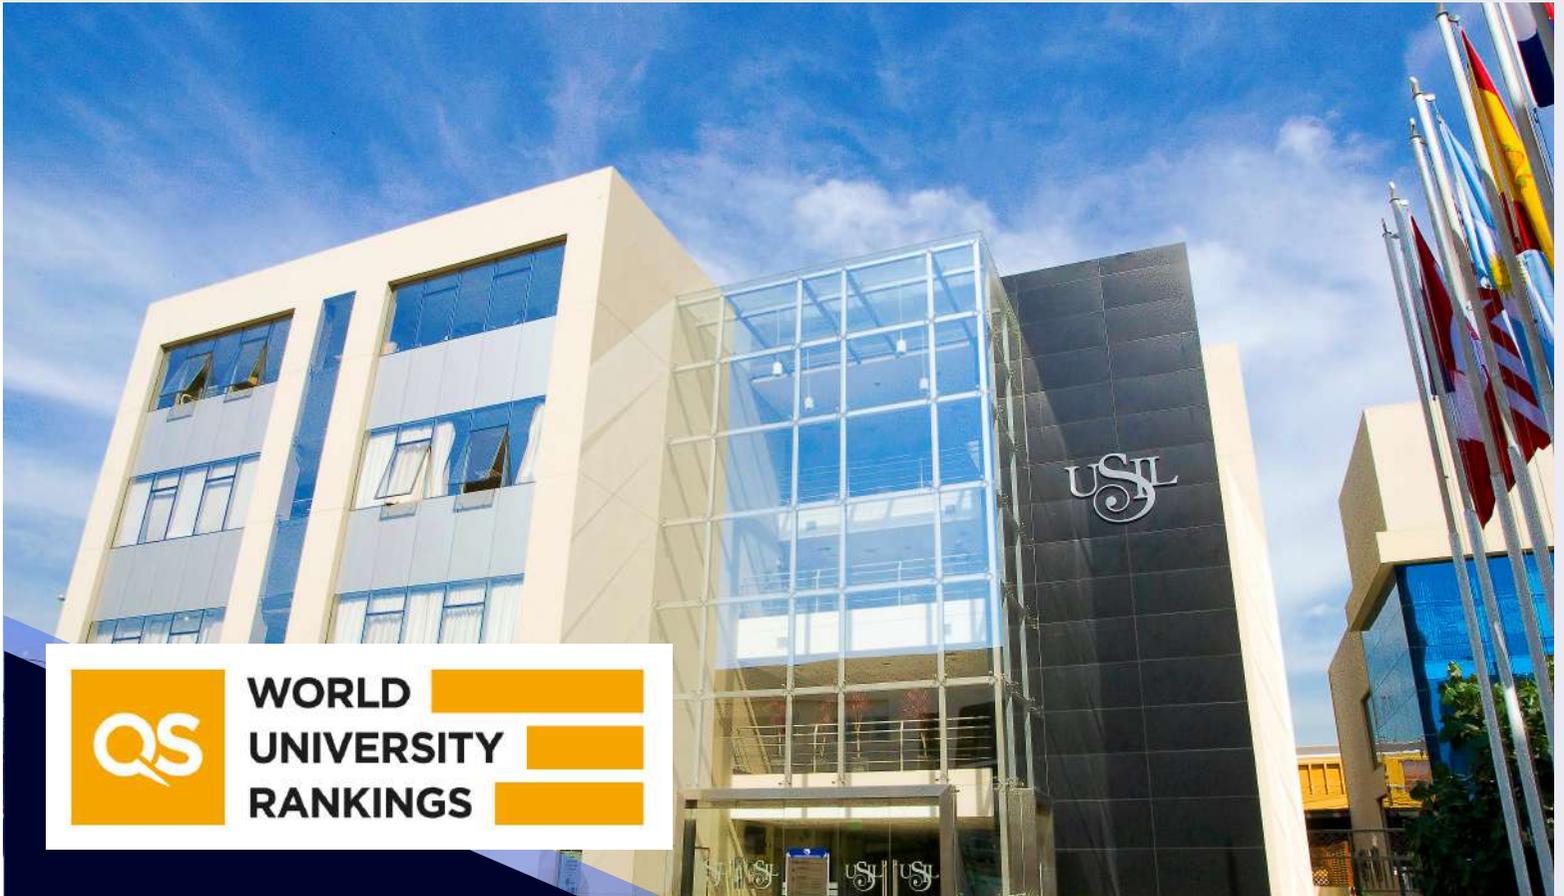

Research and Development

In every country where we are present, we are committed to the inclusive and sustainable national development through an educational model that prioritizes research and technological innovation in the different fields of knowledge and its transfer to society.

Globalization

Our global approach enables our students to perform effectively and efficiently anywhere in the world. Our corporate presence in several countries and the bilingual nature of our institution allow our organization to offer an educational model with a global vision, with the highest international standards.

» **USIL: ONE OF THE 8 BEST** « **UNIVERSITIES IN PERU**

The prestigious international higher education consultancy Quacquarelli Symonds (QS) published the QS World University Rankings 2022, where the Universidad San Ignacio de Loyola appears as one of the 8 best public and private universities in Peru. This ranking of international level and global reach measured the educational quality of more than 1,673 universities around the world and 1,300 were ranked. 8 of them were Peruvian universities, including USIL. The order of merit was established from a set of performance indicators based on rigorous international standards in order to certify the excellence of the institutions.

LIVE THE ADVENTURE IN CUSCO

PERU - CUSCO

STUDY IN CUSCO

IMPERIAL CITY OF THE INCAS

Cusco, the capital of the Inca Empire. Proudly holds the title of Archaeological Capital of America. Cusco in the Quechua language literally means “navel” and certainly this description even today fits perfectly to reality since Cusco is at the center of the Andean culture. It is a city that could be compared to a gateway to the Andes. Since from there you can start the journey to a number of archaeological sites such as the famous Machu Picchu, one to the most fascinating cities of the lost world.
